

22-24 June 2022

Venue: Seaside Pavilion, Beirut (Lebanon)

RAWMEC (Recycling and Waste Management Conference)	
Day 1: 22 June 2022	
08:00	Registration and Welcome Coffee
Session 1: Inaugural Session	
08:55	Welcome address by the Conference Chairman
09:00	Keynote Address 1 – President, International Solid Waste Association
09:10	Keynote Address 2 – President of CDR
09:20	Opening Ministerial Address - Minister of Environment
09:40	Networking and Exhibition Tour
Session 2: Waste Management in Lebanon: Projects and Vision	
10:40	Roadmap for Solid Waste Management in Lebanon Speaker: Bassam Sabbagh, MoE, Lebanon
11:10	Solid Waste Management in Lebanon – Before and After 2015 Speaker: Younes El Hajj, CDR, Lebanon
11:35	Sorting at-Source Pilot Project Speaker: Sabine Ghosn, Ministry of Environment, Lebanon
12:00	Q&A
12:20	Networking Coffee Break
Session 3: ISWA Session	
12.35	Topic and speaker to be announced soon
12.55	Topic and speaker to be announced soon
13.15	Topic and speaker to be announced soon
13:35	Q&A
Session 4: Non-Conventional Waste Treatment Technologies	
13.50	Membrane Technology for composting & biodrying Speaker: To be announced soon
14.10	Topic and speaker to be announced soon
14.30	Topic and speaker to be announced soon
14.35	Q&A
14.45	Networking Lunch - End of Day 1

RAWMEC (Recycling and Waste Management Conference)	
Day 2: 23 June 2022	
08:00	Registration and Welcome Coffee
Session 5: Integrated Waste Management Solutions	
08:55	Welcome remarks by Chairman
09:00	Sofia Solid Waste Facility and future potentials for Zahle Solid waste facility Speaker: To be announced soon
09:20	Sulaimaniya RDF-based solid waste management facility – Challenges and potential role of cement plants Speaker: To be announced soon
09:40	Topic and speaker to be announced soon
10:00	Q&A
Session 6: Recycling and Waste-to-Energy to Reduce Landfilling	
10:15	WtE in cardboard recycling facility in Lebanon Speaker: Karim Haddad, Sicomo (Lebanon)
10:35	EU Recycling Statistics: Lessons to Learn Speaker: To be announced soon
10:55	Sweden's 1% landfilling – A Case Study Speaker: To be announced soon
11:20	Q&A
11:40	Coffee Break
Session 7: Ash treatment and final disposal	
12:05	Lebanon's potential for treatment of fly ash and bottom ash Speaker to be announced soon
12:25	Bottom Ash – Treatment options and potential uses Speaker: To be announced soon
12.45	Fly Ash - Treatment options and potential uses Speaker: To be announced soon
13.05	Q&A
Session 8: Waste management in petroleum industry	
13:15	Environmental best practices in managing petroleum industry wastes Speaker: To be announced soon
13:40	Types of Wastes in Petroleum Industry and Challenges in Waste Management Speaker: To be announced soon
13.50	Q&A
14.00	Networking Lunch - End of Conference

RAWMEC (Recycling and Waste Management Conference)

Day 3: 24 June 2022

08:00 Registration and Welcome Coffee

Session 9: Medical Waste Management

08:55 Welcome remarks by Chairman

09:00 Cytotoxic Waste and Treatment Technologies

Speaker to be announced soon

09:20 Topic and Speaker to be announced soon

09:40 Topic and Speaker to be announced soon

10:00 Q&A

Session 10: Focus on Industrial Effluents

10:15 Treatment of Wastewater from Industries – Emerging Trends

Speaker – To be announced soon

10:35 Treatment of Wastewater from Tanning Industry

Speaker – To be announced soon

10:55 Treatment of Wastewater from Slaughterhouses

Speaker – To be announced soon

11:20 Q&A

11:40 Coffee Break

Session 11: Management of Non-Municipal Waste

12:05 Sludge recovery – An alternative fuel for incineration plants

Speaker – Benenv Middle East

12:25 Slaughterhouse Waste Management– New Technologies and Treatment

Speaker – To be announced soon

12:45 Management of Construction and Demolition Waste in Lebanon

Speaker – Issam Srour, Ministry of Environment

13:05 Q&A

Session 12: Energy From Waste

13:15 Biogas from waste – Potential for Lebanon

Speaker: To be announced soon

13:35 Landfill Gas Utilization Systems

Speaker: To be announced soon

13:55 Energy Production from Naameh Landfill – A Case Study

Speaker: To be announced soon

14:15 Biodiesel from Used Cooking Oil: Technology Options

Speaker: To be announced soon

14:35 Biomass Briquettes as a Clean Energy Source for Industries and Rural Areas

Speaker: To be announced soon

14:40 Q&A

14:45 Networking Lunch - End of Conference
